Life & Learning (Grade 1-5) School Support Roadmap

Albakio International

Life & Learning – School Support Roadmap

1. Provision of Detailed Teacher’s Manual

We provide ready-to-use, detailed teacher’s manual aligned with the Life & Learning philosophy.

Each teacher’s manual includes learning objectives, step-by-step teaching procedures, activity-based tasks, real-life applications, assessment strategies, and reflection prompts.

Benefits:

- Saves teachers’ planning time
- Ensures consistency across classrooms
- Makes life skills practical and engaging
- Builds teacher confidence
- Improves student learning outcomes

2. Physical (On-site) Teacher Training

We conduct annual face-to-face teacher training sessions in groups. Training focuses on understanding Life & Learning concepts, effective lesson delivery, activity-based teaching, classroom management, and skills-based assessment.

Benefits:

- Hands-on experience
- Live demonstrations
- Immediate feedback
- Increased teacher motivation and confidence

3. Bimonthly Zoom-Based Teacher Training

We provide bimonthly online training sessions via Zoom for continuous professional development.

These sessions include topic-based training, Q&A, sharing best practices, and problem-solving.

Benefits:

- Continuous support

- Cost-effective
- Ideal for remote schools
- Keeps teachers updated

4. Classroom Decoration & Learning Environment Support

We provide educational decoration material such as life skills posters, value charts, activity boards, and learning corner ideas.

Benefits:

- Inspiring learning environment
- Visual reinforcement of concepts
- Increased student engagement

5. Student Competitions & Recognition Program

We organise academic and life-skills-based competitions for Life & Learning partner schools.

Winners are featured on our website and social media and awarded certificates.

Benefits:

- Student motivation and confidence
- School branding and recognition
- Parent satisfaction

6. Vision & Mission Alignment Consultation

We provide direct consultation support to school leadership teams. Schools can contact us through:

- WhatsApp
- Phone call
- Zoom meetings

During these sessions, school representatives share their vision, mission, goals, and challenges.

What we do

- Carefully understand the school's vision and mission
- Analyse current practices and long-term objectives

- Identify gaps between vision and implementation
- Design a customised Life & Learning roadmap aligned with the school's identity
- Suggest practical, achievable steps to reach their goals

Benefits for schools

- Clear direction and structured planning
- Vision translated into actionable steps
- Custom roadmap instead of a one-size-fits-all model
- Strong alignment between academics, life skills, and values
- Leadership confidence in decision-making
- Impact Schools move from vision statements on paper to vision in action, supported by a clear, realistic, and well-guided roadmap.

7. Recorded Video Lectures & Training Resource Library

We provide access to recorded video lectures and training modules to support teachers beyond live sessions. These videos cover Life & Learning concepts, lesson delivery methods, activity demonstrations, assessment techniques, and classroom best practices. Teachers can access these recordings anytime for revision, onboarding of new staff, and self-paced professional development.

Benefits:

- Flexible, anytime learning support
- Useful for new and replacement teachers
- Reinforces concepts taught during on-site and Zoom trainings
- Ensures continuity and consistency in teaching practices
- Reduces dependency on repeated live sessions
- Builds long-term teaching capacity within schools
